Sri Satya Sai Junior College   2018 – 2020
CGPA: 6.28   Ananthapur

Z.P.HIGH SCHOOL   2018
CGPA: 8.3   Ananthapur

PROJECTS

SIGN LANGUAGE RECONGNITION USING AL & ML

- Sign Language is mainly used by deaf (hard hearing) and dumb people to exchange information between their own community and with other people. Sign language recognition using AI and ML leverages advanced algorithms to interpret visual data from hand gestures and movements.
- This technology bridges communication gaps, enabling real-time translation of sign language into text or speech.

Restaurant Management System

- Developed a console-based Restaurant Management System using core Python, focused on streamlining menu handling, order taking, and billing operations.
- Utilized dictionaries and functions to manage dynamic menus, calculate itemized bills, and handle multiple orders efficiently.
- The project demonstrates strong foundational knowledge in Python, modular programming, and problem-solving.

Fashion E-Commerce Website

- Developed a fully responsive online clothing store using HTML, CSS, and JavaScript. Features include a product catalog, dynamic shopping cart, and intuitive user interface, offering a seamless shopping experience across devices.
- Focused on creating an engaging and user-friendly design for a modern e-commerce platform.

SKILLS

TECHINCAL SKILLS

- VERSION CONTROL SYSTEM : *GIT HUB*
- PROGRAMMING LANGUAGE : *PYTHON*
